EDS MEMO TO: NCBDS USERS

FROM: Brian Hanks, P. E.
 Project Engineer

DATE: August 16, 2011

SUBJECT: MERLIN DASH UPDATE

Merlin Dash Version 10.2 (output file version) has been updated to correctly compute section properties of unsymmetrical haunched/parabolic beams. Refer to the Merlin Dash and NCBDS manuals for details on the program input and output. The manuals are available on the network via the following paths: S:\Share\Merlin-Dash Manual and S:\Share\NCBDS Manual, respectively.
